

## *Australind Swimming Club - LLC*

# **Healthy community venue policy**

Australind Swimming Club recognises and values the importance of creating a healthier environment for everyone who attends our venue. This policy sets out the aims and principles of the food and drinks provided within our community venue and ensures the venue aligns with best practice alcohol service and smoke-free environments.

### **Healthy Food and Drink Policy**

Australind Swimming Club is committed to providing healthier food and drinks that align to the Australian Dietary Guidelines and the Australian Guide to Healthy Eating, which establish the basis for a healthy eating approach. A key message of the guidelines is to enjoy a wide variety of nutritious foods every day.

Limiting the availability of confectionery, deep fried foods, sugary drinks and take-away foods is a key component of our healthy food and drink policy. Excess consumption of these items can be harmful and displace more nutritious food and drinks.

Our community venue is well placed to promote the importance of healthy eating, and guide the development of healthy eating patterns and behaviours of participants and spectators. Our food service can reinforce the healthy messages promoted by our venue. Australind Swimming Club will ensure a variety of healthier food and drinks are available at all times.

### **Standards for food and drinks**

Australind Swimmig Club will:

- ensure healthy food and drink options are available should catering be provided at activities or events
- not use unhealthy food/drink (or vouchers for same) as prizes or awards
- ensure that only food and drinks that support our policy are used for fundraising
- ensure that the only food and drink advertising that is displayed supports our healthy food and drink policy
- ensure free drinking water is available at activities or events

The Australind Swimming Club will:

- plan a menu using the Fuel to Go & Play® traffic light system to rate food and drinks as green, amber or red based on their nutritional value
- ensure that healthy food and drinks (e.g. green options) are promoted and displayed more prominently than other foods (e.g. red options)
- ensure that healthy choices are priced competitively.

### **Food safety and hygiene**

The Australind Swimming Club will comply with the Food Act 2008 (WA) and the Food Regulations 2009, including:

- Our venue will apply for registration with the local council as a food business (*a fee may be applicable*)
- Our venue will notify the local council prior to conducting a charitable or community event involving food (i.e. sausage sizzle)
- Information on these requirements will be sought from the local council prior to any function, i.e. sausage sizzle, where food will be provided.

The Australind Swimming Club will ensure that all paid and volunteer staff:

- Children (e.g. children of staff or volunteers) are not permitted in the food service during normal trading hours.

### **Allergy and anaphylaxis management**

*Food allergen management is part of food safety and all food service providers must comply with the legislation. The law requires you to provide accurate information when a customer asks about allergens in the food you are serving. Further information is available from [www.foodallergytraining.org.au](http://www.foodallergytraining.org.au). An Allergy Aware Checklist can be downloaded from the resources section of [www.foodallergytraining.org.au](http://www.foodallergytraining.org.au)*

All paid and volunteer staff need to be aware of the risks food allergy poses. It is important to:

- know how to identify and manage food allergy
- understand the law with regards to food allergy and food service provision
- know what is in your food so that you can provide accurate information about foods a customer is allergic to
- know how to respond to enquiries from customers with food allergy.

The Australind Swimming Club will encourage staff and volunteers to complete *All about Allergens* online training available free at <https://foodallergytraining.org.au>
